

# Graduate medical education

For medical students who value collaboration, compassion and clinical excellence, **CHRISTUS Health** offers a meaningful path forward. Our residency and fellowship programs are designed to launch fulfilling careers rooted in service and skill.

Through the Institute of Academic Medicine at CHRISTUS, more than 150 talented trainees across Texas, Louisiana and New Mexico receive a comprehensive education grounded in high standards, hands-on experience and a commitment to whole-person care — preparing them to lead with excellence wherever their calling takes them.

## Who we are

We are a Catholic, international, not-for-profit system that delivers compassionate, high-quality health care. For more than 150 years, we've been committed to serving those in need and improving community health. Our work is guided by our core values: dignity, integrity, compassion, excellence and stewardship — and our mission to extend the healing ministry of Jesus Christ.

- More than 600 facilities and health ministries
- A family of 51,000 strong and growing
- More than 15,000 physicians

## Vision

CHRISTUS is committed to advancing the quality of care for our patients and the communities we serve — through innovation, clinical excellence and a deep respect for every individual. We provide exceptional education and hands-on training to residents, fellows and medical students, as well as future leaders in nursing, pharmacy and allied health sciences. We strive to offer each patient and their family a healing experience that is clinically advanced and tailored to their individual needs.

## Commitment to excellence

Our academic affiliation with Texas A&M University Naresh K. Vashisht College of Medicine enhances faculty development, expands opportunities for medical discovery and helps us prepare the next generation of compassionate, highly skilled physicians.

# Opportunity for learning

Our training programs are thoughtfully designed to prepare future physicians and podiatrists for a lifetime of meaningful, impactful care, ranging from managing complex medical needs to addressing the unique challenges of underserved communities across Texas, Louisiana and New Mexico. With guidance from experienced faculty and a strong support system, residents and fellows gain the clinical depth, hands-on experience and ethical foundation needed to thrive in today's evolving health care landscape.

## Other highlights include:

- Research/scholarly activities support
- Health sciences virtual library resources
- Interdisciplinary simulation centers located in each of the five markets
- A faith-based approach to education and health care that respects the dignity of all people

## Building a future with CHRISTUS

We truly look upon our trainees as our future colleagues.

### While in residency, participants receive numerous benefits, including:

- Competitive salaries and benefits
- Annual education stipend
- Paid vacation and sick days
- Insurance

One of the greatest perks may be the pathway to secure a position with CHRISTUS after completing a residency or fellowship program.

After completion, many residents and fellows become primary care and specialty care clinicians with CHRISTUS Trinity Clinic, an Acclaim Award-winning multi-specialty medical group that is part of CHRISTUS Health with over 1,400 clinicians in Texas, Louisiana and Arkansas.

## Residency and fellowship programs

CHRISTUS provides training for more than 150 residents and fellows in a variety of specialties.
